

EYWA PRIVATE BUYOUT

A private wedding destination in Ungasan, Bali

01 — THE CONCEPT

MORE THAN A WEDDING VENUE

EYWA is a private, nature-led destination where accommodation, gastronomy, wellness, celebration and hospitality can come together into one coherent wedding experience.

The idea behind a private buyout is simple: instead of bringing guests to a venue for one event, the couple can create a shared destination where their closest people stay, reconnect, celebrate and experience Bali together.

ONE PLACE. ONE WEEKEND. ONE EXPERIENCE.

STAY	Guests stay together within EYWA.
CELEBRATE	Ceremony, cocktails, dinner and celebration can be designed around the property.
DINE	ORAMA provides a distinctive culinary identity.
RECONNECT	Wellness, yoga, nature and private moments can be integrated into the stay.
EXPERIENCE	The wedding becomes a destination journey rather than a single day.

02 — MAKE EYWA YOURS

A PRIVATE WORLD FOR YOUR WEDDING WEEKEND

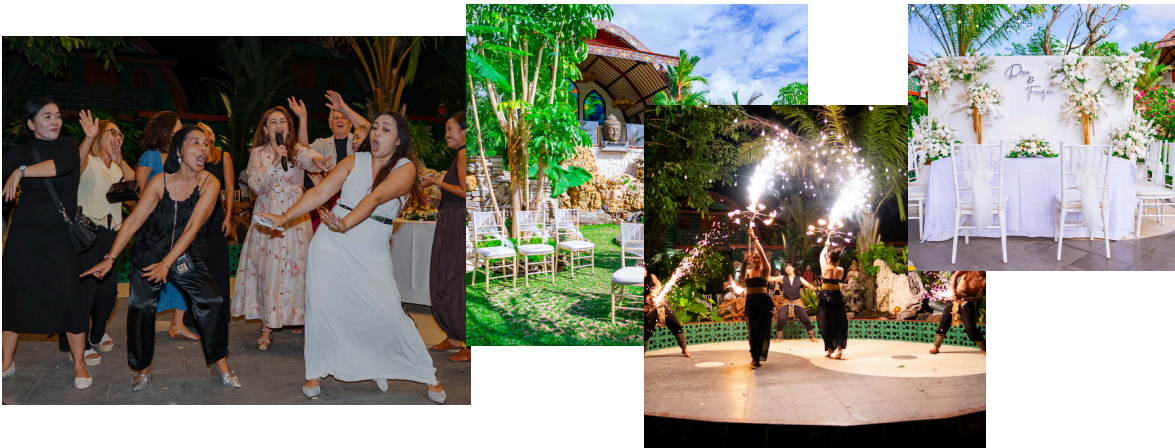

Imagine arriving at EYWA with your closest friends and family—and knowing that the entire experience has been created around your celebration.

No rushing between venues. No fragmented guest experience. The aim is to create continuity from the first welcome drink to the final farewell.

“Your wedding becomes a shared experience that your guests remember as a destination, not simply an event.”

EVERYTHING CAN FLOW TOGETHER

ACCOMMODATION	Lumbungs designed as private sanctuaries, with selected units offering private pools or plunge pools.
NATURE & GARDENS	Natural surroundings and tropical greenery become part of the wedding design.
ORAMA	Refined dining with French culinary expertise and Indonesian ingredients.
CELEBRATION	Cocktails, music, dancing and bespoke entertainment can be integrated into the event.
WELLNESS	Yoga and holistic experiences can be incorporated for the couple and guests.
GUEST EXPERIENCE	Welcome moments, private dinners, brunches and farewell experiences can be designed around the group.
